

Mt Hood Endurance Classic – Final Information

Mt Hood Endurance Classic is THIS SATURDAY, July 2 at 9:00a!

You are receiving this email because you are registered for the event. If you do not plan on doing the event, please go to the registration page and fill it out again with “I’m out” selected so we can take you off the list.

Here is the event webpage: <https://ormtb.wordpress.com/2016-mt-hood-endurance-classic>. Please review all the information on this page. We are meeting and starting at the southern end of the Dog River and Surveyor’s Ridge trails – just off FSR 44. There are detailed directions and maps on the website.

Remember – the course is not marked and you are on your own. Be sure to carry a copy of the map.

We’ve included a very cool copy of the map with mileages at intersections at the end of this document. The forecast for Hood River on Saturday is 80° and Partly Cloudy! That means we can expect mid 70’s on the course.

Parking: Parking at the start is very limited. If you can carpool with someone, that would be fantastic. There is parking on side roads/pullouts off the course on FSR 4410.

Bathrooms: There is a clean pit toilet at the ranger station just before Parkdale on the way up to the start. There is only a single port-a-potty at the start area. There are pit toilets at High Prairie and the start of Fifteenmile Trail on the course, but at last check these didn’t have toilet paper – so bring your own.

Check in: The “Race Vehicle” is a Blue Eurovan that will hopefully be parked at the trailhead/start area. There will be a check-in sheet on the van. Please initial next to your name before 8:50a so we know who is there. If you show up late, please initial your name and put down the time you start.

Rider’s meeting: There will be a short rider’s meeting near the Blue Eurovan at 8:50a.

Event Start: The event will start with a neutral roll-out at 9:00a sharp. The neutral zone will extend approximate a quarter mile up FSR 4410 before we start.

Timing: If the Blue Eurovan is there when you finish, you can put your finishing time on the sign-in sheet. If the Blue Eurovan isn’t there when you finish, or you need to correct your time or want to add a link to your “Strava Ride”, you’ll be able to record your time and a link to your “Strava Ride” on the ORMTB website after the event.

DNFs: If you don’t finish for whatever reason, please sign-out on the sign-in sheet on the Blue Eurovan. You’re on your own so we’re not coming looking for you... this is just for our peace-of-mind.

www.44Trails.org: The 44Trails Organization builds and maintains the trails we will be riding in the MHEC. Please support this group!

See you on Saturday!
